

28.2.2020

National Science Day

It is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930.

Today in the Department of Botany, S.M.M.Town PG college, Ballia, we have celebrated the Day on the theme "Women in Science" .

WOMEN IN SCIENCE

Today on this occasion we paid sincere regards and gratitude to Madam Savitri Sahni who was perhaps for the first time awarded Padma Shri in the year 1969 for the cause of science in UP, she built and nurtured the world renowned scientific institution Birbal Sahni Institute of Palaeobotany, conceived and designed by her husband Prof. Birbal Sahni but unfortunately he died after a week 10th April 1949 just after the foundation laying ceremony of the Institute 3rd April 1949.

We have discussed the contribution of the first Indian women Botanist Dr. Janaki Ammal (Cytogenetist), Paramjit Khurana (Molecular Biologist), Rohini Godbole (Physist), Nandini Harinath (space Scientist), Asima Chatterjee (Inorganic Chemist), Dr Renu Khanna Chopra (Plant Physiologist), Archana Sharma (Cytogeneticist, Cell Biologist and a Cytotoxicologist) and many more.

We have remembered the great contribution of Rosalind Franklin (Chemist and X-ray crystallographer), Barbara McClintock (Geneticist) Martha Cowles Chase (Geneticist)at world level.

Young Scientist and budding Botanist of the department organised and participated .
